

Privacy Policy

Cistercian VR

Effective date: 11 April 2026

Data Controller

Strand Forge s.r.o.

Registered office: Jihlava 119, 588 51, Czech Republic

Company ID No.: 224 40 330 | VAT ID No.: CZ22440330

Contact e-mail: info@strandforge.com

(hereinafter referred to as “Strand Forge” or “we”)

1. Overview

This Privacy Policy describes how Strand Forge handles personal data in connection with the Cistercian VR application (the “App”) available on the Meta App Store. It applies solely to the App and does not cover our website or other services, which are governed by separate policies.

2. Data We Collect

The App does not collect, store, transmit, or process any personal data.

In particular, the App:

- does not require user registration or a user account,
- does not collect device identifiers, IP addresses, or usage analytics,
- does not use cookies, tracking pixels, or similar technologies,
- does not integrate third-party analytics or advertising SDKs,
- does not access or store any content created or viewed by the user.

3. Meta Platform Data

The App is distributed through the Meta App Store and runs on Meta hardware (e.g. Meta Quest headsets). Meta Platforms, Inc. (“Meta”) may independently collect data related to your use of its platform and hardware, such as device telemetry, purchase history, play-time statistics, and account information.

This data collection is performed by Meta as an independent data controller and is not under our control. We do not receive, access, or process any such data from Meta.

For details on Meta’s data practices, please refer to [Meta’s Privacy Policy](#).

4. Third-Party Services

The App does not integrate any third-party services, SDKs, or APIs that collect or process personal data. No personal data is shared with, sold to, or disclosed to any third party through the App.

5. Children’s Privacy

The App is intended for users aged 13 and older, consistent with Meta’s account requirements. The App is not directed at children under the age of 13, and we do not knowingly collect personal data from children under 13.

Since the App does not collect any personal data from any user, no additional measures under the U.S. Children’s Online Privacy Protection Act (COPPA) or similar legislation are applicable.

If you believe that a child under 13 has somehow provided personal data to us, please contact us at the address below and we will take appropriate steps.

6. Data Retention

Because the App does not collect or store any personal data, there is no personal data to retain or delete.

7. Your Rights

Under the General Data Protection Regulation (GDPR) and other applicable data protection laws, you have the right to access, rectify, erase, restrict, or port your personal data, and to object to its processing.

Since the App does not process any personal data, these rights do not apply in the context of the App. However, if you have any questions or concerns, you may contact us using the details in Section 10 below.

You also have the right to lodge a complaint with a supervisory authority. The competent authority in the Czech Republic is:

Office for Personal Data Protection (Úřad pro ochranu osobních údajů)

Pplk. Sochora 27, 170 00 Prague 7, Czech Republic

8. Security

Although the App does not collect personal data, we follow secure software development practices to ensure the App does not inadvertently expose users to security risks.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time, for example if the App's functionality changes or if applicable laws are amended. The updated version will be made available through the Meta App Store listing and will take effect on the date of publication, unless stated otherwise.

10. Contact

If you have any questions about this Privacy Policy or our data practices, please contact us at:
